

PROJECT/FINANCE COORDINATOR

(Category: Permanent, Full-Time; Location: Chalk River, Ontario)

BTI is a dynamic company with world-renowned expertise in radiation detection, addressing applications in the defence, homeland security, space, industrial, and medical sectors. BTI is seeking a Project/Finance Coordinator to support its project management, finance, and accounting activities. Primary duties will include supporting project management tasks (such as project planning, monthly progress/cost reporting, schedule tracking, creation and control of project documentation, and R&D proposal preparation) and supporting accounting and finance tasks (such as entering financial transactions in an Enterprise Resource Planning system, processing accounts payable/receivable, processing and analyzing employee timesheets and labour reports, and interfacing with customers and suppliers on financial matters). The position may also include occasional administrative duties, such as answering the phone and maintaining records.

Candidates must meet the following profile:

- For security clearance requirements, candidate must be a Canadian, US, or UK citizen with a 10-year verifiable history and will be required to provide a criminal record check as a condition of employment.
- Minimum Bachelor's degree from a Canadian university or recognized international equivalent, with a strong academic record. A degree in a Business, Finance, Science, or Engineering discipline is an asset.
- Advanced skills in Microsoft Word, Excel, and PowerPoint are required. Familiarity with Microsoft Access and Microsoft Project is an asset.
- Knowledge of project management and accounting principles and tools is an asset.
- Familiarity with enterprise resource planning systems, such as SAP Business One, or with other accounting software programs is an asset.
- Excellent spelling, grammar, and communication skills, both written and verbal, in English.
- Outstanding attention to detail, self-motivated, strong organizational and time-management skills, able to learn quickly, receptive to constructive feedback, and open-minded.
- Excellent interpersonal skills for interfacing with scientific, technical, and management personnel.
- Must be willing and able to travel internationally on an occasional basis.

Interested candidates must electronically submit a cover letter, résumé, copy of relevant transcripts, and contact information for at least two professional references to:
