

ELECTRONICS TECHNICIAN

(Category: Permanent, Full-Time; Location: Chalk River, Ontario)

BTI is a dynamic company with world-renowned expertise in radiation detection, addressing applications in the defence, homeland security, space, industrial, and medical sectors. The successful Electronics Technician candidate will support BTI's Manufacturing and Research & Development activities. Primary duties include: Electronics assembly and repair; prototype fabrication in support of research and product development; system installations; customer support; and helping prepare technical documentation.

Candidates must meet the following profile:

- Due to security requirements, the candidate **must** be a Canadian or US citizen, or a permanent resident of Canada, and will be required to provide a criminal record check as a condition of employment.
- Minimum 2 year diploma from a recognized Electronics Technician program, with a strong academic record.
- Must be able to read and understand block diagrams, schematics, and wiring diagrams.
- Must have a good mechanical aptitude and be capable of understanding mechanical drawings and assembly instructions.
- Must have previous experience assembling electronics and cables.
- Must have strong troubleshooting skills.
- Previous experience with a manufacturing quality program is an asset.
- Familiarity with enterprise resource planning systems, such as SAP Business One, is an asset.
- Outstanding communication skills, both written and verbal, in English.
- Team player, with outstanding attention to detail and strong organizational and time-management skills.

Interested candidates must electronically submit a cover letter, résumé, copy of relevant transcripts, and contact information for at least two professional references to:
